### PRODUCT DETAILS

The latest addition to our award-winning Siesta family, Siesta Rise is here to make your mornings more enjoyable, combining essential bedside features with impressive sound and stylish design.

#### The Perfect Bedside Companion

Siesta Rise is packed with useful features that you'll love. There's the clock, which sets itself and adjusts automatically for daylight saving, a large clock display with auto-dimming so it won't keep you awake at night and a USB socket ideal for charging your mobile while asleep. You can set different alarm times for weekdays, weekends and more thanks to three independent tone or radio alarms and there's an adjustable snooze and sleep timer too.

#### Quality Design and Sound

Unobtrusive but stylish, the compact design is sure to fit on the smallest of bedside tables. Like all our Pure digital radios, Siesta Rise has been engineered and hand-tuned by our audio experts in the UK to ensure the best possible sound and comes with a reassuring 3-year standard warranty.

#### Switch to Digital Radio

DAB digital radio brings you high-detail digital-quality sound, lots of stations (many exclusive to digital) and uses scrolling text to show you track titles, programme names and more. Digital radios automatically find all your available stations and let you select them by name, and all our digital radios also include FM for any stations that have not yet gone digital. Siesta Rise is also Digital-Tick-approved so you can rest assured that you're ready for any future FM to digital radio switchover.
