PRODUCT DETAILS

Switch on to digital radio

DAB digital radio brings you high-detail digital-quality sound, lots of stations (many exclusive to digital) and uses scrolling text to show you track titles, programme names and more. Digital radios automatically find all your available stations and let you select them by name, and all our digital radios also include FM for any stations that have not yet gone digital. Siesta Rise is also Digital Tick approved so you can rest assured that you're ready for any future FM to digital radio switchover.

Wake up recharged

Siesta Charge includes a handy wireless charging pad which is quick and simple to use. Simply place your smart phone on the charging pad to charge it, without the need to plug your phone in. Need to charge more than one smart device? Simply plug in using the spare USB powerport and charge both simultaneously.

Clear and easy viewing

Crafted with real attention to detail, Siesta Charge also boasts a stunning, CrystalVue+ display. Easy to read from anywhere in the bedroom, the ultra-clear screen automatically dims to match surrounding lighting for an undisturbed night's sleep.

Packed with features

With Bluetooth as standard, Siesta Charge allows you to listen to all your favourite music and podcasts in great stereo sound via any device around the bedroom. Siesta Charge also includes many useful features such as 3 separate alarms (which can be set for weekdays, weekends and more), sleep and kitchen timers and 40 station presets with 3 quick access buttons.
